2. When the Executive Director-Comptroller approved referents (a) and (b) of the attached draft memo, he requested that the DD/S consider whether the benefits covered by those memoranda couldn't also be extended to Agency employees who are not participants in the Agency Retirement System (See [REDACTED] 31 May '68 note attached.) The attached draft memo would be responsive to some extent to the Executive Director-Comptroller's request.
